

3

great things about your wiki project

- 1. The pictures and links were very helpful and helped us to understand the text.**
- 2. We liked the paragraph about the internet safety and cyber-bullying- it was useful everyday information**
- 3. You backed up your topics/opinions with a great amount of detail**
- 4. It was good how you expanded on each others' ideas and helped each other out by giving them helpful feedback.**

2

suggestions for improving your wiki project

- 1. There are many grammar errors- have others read over it**
- 2. The different fonts and sizes were very distracting to the reader's eye- choose one font**
- 3. Check to make sure that you have pictures for every section; make sure they fit as well.**
- 4. Some of the collaboration pieces are hard to understand.**

1

piece of new knowledge that our group has thanks to your wiki

- 1. We learned that you can communicate with people around the world as if you are standing right beside them.**
- 2. We learned about the history of the internet and what it is today.**
- 3. We learned about how useful images can be to understand content. Sometimes they are even easier than the words.**
